ア 生徒感想

I enjoyed this camp very much. I think I improved speaking English a lot these three days. My best memory was making the skit. I made a skit for the first time in my life. This lesson was very interesting for me so I want to make a skit again. My speaking ability of English is not good, but I learned if I don't get scared of speaking English, someday I will make myself understood. I really enjoyed this camp. I'll never forget it. (2年女子)

At first I wanted to go back home. However, it was interesting for me to talk with the ALTs. I can't speak English and can't understand it. I was frustrated not to be able to tell the ALTs. They did their best, so we could talk. I was happy! When I said only a word, they could understand. I understood even though I can't make sentences, I can talk with English speakers. When I went to Tsukuba Shrine, I took a picture with the ALTs. I had a good time. Debating is too difficult for me, but the ALTs helped me! I'm grateful for them. During the free time, I talked to the ALTs. I can't speak but it was fun to just listen to everyone's story. I want to be able to speak English. So, I'm going to study English hard. (1年女子)

At first, it wasn't easy for me to talk with the ALTs and my friends in English, because I'm a shy person. But, the ALTs are very kind and funny, so I was getting used to talking in English. Through the activities, I was able to improve my speaking skills in English. I learned that the most important thing when we study English is to speak out loud. I want to speak English when I talk to my family and friends after camp. Finally, the best thing about this English camp is that I was able to make friends with many people. My new friends are people from different countries, students from different classes, and people I had never talked to before. (1年女子)

Overall I believe the camp went very well. I enjoyed myself immensely. The debate activities went fairly smoothly. I believe I could have prepared better directions for the students. My introductions to the lessons were lacking, but now I know. My favorite activity was probably the skits. It really let the kids' personalities and humor shine through. Helping plan and watching them was definitely a highlight. I think one thing that could have been done better was keeping track of the time during events. For some activities it was hard to know when to switch. We had it down by the end of camp, but someone should do it for every session. The location was nice and the kids were awesome. I was really impressed with their effort. The ALTs were all very helpful and flexible. This was very nice as it was many people's first time teaching. All in all it was a great time and I thought it was awesome! (参加 ALT 感想)
